In partnership with the Village of Centreville, our Gr. 3-8 students are being afforded the opportunity to swim during the school day. Swimming will take place over these last two weeks of classes as part of their physical education programming. Please ensure that students come with swim wear, towels and sun block on a daily basis.

Friday, June 22, 2018, the last day for students, will be a ½ day. Buses will be leaving the school at 11:30 a.m.

We are promoting sun safety this month. Do you know that most skin cancers can be cured if caught early enough? Get to know your skin and check it regularly. This way you'll be able to detect any changes early and have your doctor check to see if it is normal or not. Start looking today and know the location and appearance of moles and birthmarks.

The following messages are reminders:
