June is Sun Safety Month. Did you know that sunlight contains ultraviolet rays that can harm your skin and eyes? No one is completely safe from the sun. One of the best ways to protect yourself from damaging effects of the sun is to apply a broad spectrum sunscreen with an SPF of 30 or higher that protects against both UVA and UVB rays. Start applying it today.

There are several items of clothing in our lost & found by the gym. If your child is missing an item of clothing please check out our lost and found area before the end of June.

Thank you and Have a Great Evening!

Mrs. McIntosh
