As you are aware we are using a new system to send home communications to parents. They are setup to go to both phone and email. We have no way to change this setting on our end but if you wish to change your preferences, you can go to go.schoolmessenger.ca, login with your email address and set your preferences whether you want to receive by phone or email. Also our contacts list that we had set up with the old system was not merged into the new system so if you know someone that was on this contacts list and they would like to continue receiving messages, please have them contact the school so I can add them to the new list.

Thank you and Have a Great Evening!

Mrs. McIntosh
