

Good Evening,

This is Mrs. McIntosh and it is Tuesday, September 29, 2020.

Tomorrow, Wednesday, September 30th is Orange Shirt Day. Students are encouraged to join us by wearing orange on Wednesday as we commemorate residential school survivors and remember the children who did not survive.

This is a message for all parents or guardians of grade 7 students. Public Health nurses will be coming to our school this Friday, **October 2, 2020** to offer the grade 7 students' vaccines. We encourage you to make sure your child has had breakfast and snacks available for after the immunizations. Please ask that your child wear a short-sleeved shirt. All students are eligible to receive a vaccine against Tetanus, Diphtheria and Pertussis (whooping cough), and a vaccine against Human Papillomavirus (HPV). Your child should have received two information pamphlets at the beginning of the school year.

If the consent form has not been returned to your child's teacher, please do so before the school clinic date. These consents should be returned whether the student is being immunized or not.

If you have any questions, please contact the Public Health Immunization line @ 506-325-4773 or e-mail your question to UVImmunization@gnb.ca.

We've Got your Back River Valley" is in the preparation stages to begin another school year of providing backpacks/bags of food for students (who experience food insecurity) to take home from school on the weekends. They have been operational since the fall of 2014, slowly growing and extending their outreach to include all 6 schools in the Carleton North catchment area. All students should have received a form. Please return a form, for every backpack you wish to receive, by Monday, October 5th.

Thank you and Have a Great Evening!

Mrs. McIntosh
