

# K Choice Board: June 8<sup>th</sup> - 12<sup>th</sup>, 2020

How many of these activities can you tackle this week? Color each box that you complete! Challenge your child to work as independently as they can on these, but please also assist them when needed too 😊

LITERACY

### From 3 to 3 Videos

The House that Jack Built:

<https://www.youtube.com/watch?v=Qfc5M80mNk&feature=youtu.be>

### Reading in the Great Outdoors

Find a spot to read outside. It could be on your deck, under a tree, on a swing, in your treehouse or even in a pool.

### Summer Bucket List

Think of all the things you would like to do over the summer. Maybe you'd like to go swimming in a lake, or camping at a favorite campground, or fishing with your grandpa? List all your ideas on the page below and then get busy! 😊

### Summer Reading Challenge

To keep up on reading over the summer, challenge yourself to read as many books as you can. If it's an option, sign up for the summer reading program at the library in Florenceville-Bristol or use the form below to keep track. They can be books you have read and also some that have been read to you. Happy reading!

### S'More Writing

Have some fun with your family and make some s'mores around a campfire. You'll need: Graham Crackers, Chocolate and Marshmallows.  
Once you are finished make a procedure on how to make them.

### Word Families

How many words can you make from the \_ell family? Use a word ladder (like the one below) to find out. Fill in the blanks with a letter to see if it makes a word. Don't forget: words from the same family also rhyme because they have the same ending.

Try these other word families:  
\_ay, \_an, \_ag, \_ap, \_ip, \_ing & \_ot

### Let's Get Cooking!

What's your favorite drink or meal? Write down a list of things you need to make it for the grocery store. Once you have all your ingredients, help mom or dad read the recipe and make it together.

Then you can pretend you are a waiter/waitress and serve your family.

Bon Appetit!

### Letter Writing

Write a letter to a friend, family member or your teacher 😊

Make sure you include your return address so they can write you back!

### Race to Fill Game

This activity can be played with 2-4 players. Both players will need a little cup, a die and a set of small counters (collection of marbles, cheerios, pom poms, etc.) Player 1 will roll the die and add that many counters to his cup. Player 2 will do the same and play will continue until one player fills his cup to the top. They will be the winner!

You could also use 2 dice and have your child add the sum of the dice to their cup.

### Snack Patterning

Use your snack to make a pattern. Ex: \*Goldfish, Goldfish, cheese, goldfish, goldfish, cheese...

\*Cracker, cracker, blueberry, blueberry...

How many different kinds of patterns can you make? AB? AAB? ABB? ABC?

### Tower Building with Shapes

Using some blocks at home or some items in your pantry, build a tower. How tall can you build it? What do you need on the bottom? What shapes are the best ones to use for building a tower? Are there any that are not useful?

### Comparing Mass

Make your own balance scale at home with a clothes hanger, 2 cups and some string. Now have your child search for items in your house that would fit into each cup. Which one has more mass? Less mass? They can record their findings on the sheet below.
