

### Traffic Flow Changes

In an attempt to improve safety at HCS, we are changing the traffic flow on our school property between the hours of 7:45 a.m. and 3:15 p.m.

All traffic will flow in one direction, and therefore all lanes will be one way.

**Drop Off** – Please drop off all students at the back of the building in the left lane. The right lane will be a drive through lane.

**Parking** – Please enter the parking area through the first entry point and depart through the end closest to the soccer field.

**Pick Up** – The pick up zone will be in front of the building. Please enter the parking lot using the first entry point and park facing the water tower.
