Mr. Brett Black, Administrator

# Keswick Valley Memorial School

Good Morning Families of KVMS,

Today is the first day of school and we are so excited to have your children back in our building. As our new school year gets underway, I would ask that you take a moment to review the attached document about the passive screening that will need to take place before coming to school.

This year, more than ever, it will be vitally important that this screening takes place. If your child exhibits two or more of the symptoms on the chart it is important that they are kept home and that you call 811 for more information. It is also important that your contact information is up to date at the school. In case your child does fall ill, while at school, they will need to be picked up within one hour.

The Covid-19 Passive Screening document is included in this message and will be located on our school website.

Thank you for your support and cooperation in this matter.

Regards,

Jaime Foster-Stewart  
Principal  
KVMS
