GUIDANCE CORNER

Character Strong Family Dares: here is a family activity that you can do at home to strengthen the character trait of responsibility. To enter for a chance to win some Character Strong swag and a family pass to the Atlantic Cinemas, be sure to head over to our MCS Facebook page to post a pic of your completed dare or fill out the ballot at the bottom of this newsletter. February's Character Strong Family Dares: No More Chores – Lighten someone's load this week. Doing acts of service like this can help free up someone's time during a busy week and can be a great gift! Also, during the month of February, MCS will be celebrating Pink Shirt day on Feb. 23rd and NB Suicide Prevention month. For more information on the upcoming guidance events and/or reminders for how students and parents can access guidance support, please call one of our guidance offices directly at 506-325-4351 or 506-325-4710.

PRE-KINDERGARTEN

Our pre-kindergarten program looks quite different again this year since we are not able to bring the children into the building. We will be doing a series of videos to help introduce our future kindergarten students to the building, routines and staff at MCS. Pre-K parents are asked to make sure we have their most up-to-date contact information at the office and to check email regularly in the up-coming weeks. If anyone knows of a child who should be registered for Kindergarten, please encourage them to contact the school as soon as possible to get their child registered so they don't miss out on the upcoming information.

MESSAGE FROM THE ADMINISTRATION

We are very happy it is February, and that January 2022 is behind us! We are also happy to have all our students back to school! I expect that we will continue to be faced with challenges as we move toward "normal", but we remain proud of the resiliency of the MCS school community. We will be spending more time outside with all students K-8. Please make sure your child comes to school each day with proper winter gear. They should also have two clean masks each day. Please monitor your child before school each day for Covid symptoms, particularly for a new and persistent cough and/or fever. If your child is sick, please keep him/her home and we will welcome them back to school when they feel better. If your child falls ill during the day, the administration will call you to come pick them up. Thank you for understanding that safety needs to come first.

Being here for your child's social-emotional needs is a top priority for MCS staff. We will also be working hard from now to June to make sure your child meets their academic potential. We thank our wonderful families for being partners with us in this endeavor! Please call us at 325 4434 to let us know how we can help.
