

"French Fry Capital of the World"®

School Sustainability Study Public Presentation

### **Preferred Option**

A new Kindergarten to Grade 8 (K-8) school be constructed in Town.

The new K-8 facility would replace the Florenceville Elementary School, Bristol Elementary School and the Florenceville Middle School.

#### Location

Locate next to the existing Carleton North High School.

Combine resources to create a learning campus.

Nearly 22 hectares available.

#### Accessibility

Make it accessible, so students with disabilities can enjoy the same social and educational experiences as their peers.

Accessibility for friends and family with disabilities, so they can see their loved ones participate in school activities.

#### Youth Socialization

The learning campus would be a center for youth socialization and activity.

Creates a strong community that helps residents form relationships with their neighbours.

The improved accessibility and shared athletic spaces would help create a more cohesive community.

# **Utilities Expenditures**

| School                          | 2016-17 cost per square metre |
|---------------------------------|-------------------------------|
| Florenceville Elementary School | \$35.93                       |
| Bristol Elementary              | \$26.25                       |
| Florenceville Middle School     | \$22.94                       |
| Meduxnekeag Consolidated School | \$15.23                       |

## **Bussing Costs**

There would also be an opportunity for reduced bussing costs if students from all areas were being bussed to the Carleton North High School and the adjacent K-8 school.

## Safe and Healthy Learning Environment

#### **School Amenities**

- Classrooms
- Rooms for music, art, science and technology, resource/special care, guidance
- Project work areas
- Cafeteria or cafetorium
- Community Kitchen

- Library / media centre
- Two gymnasiums
- Community room
- Multi-purpose rooms
- Early-childhood learning space
- ► Theatre / Performance space

### Enrollment

| School                                     | 2018 Enrollment |
|--|-----------------|
| Florenceville Elementary School            | 224             |
| Bristol Elementary                         | 97              |
| Florenceville Middle School                | 207             |
| Total Enrollment in Florenceville-Bristol: | 528             |
|  |                 |
| Townsview School                           | 579             |
| Meduxnekeag Consolidated                   | 623             |
|  |                 |

# Attracting New Residents

When recruiting new residents, having a new and complete learning facility is an important consideration for families.
