Dear Parents/Guardians of Students at Stanley Elementary and High Schools,

As stated in my October 29th, 2014 letter to you, the Anglophone West School District Education Council (ASD-W DEC) voted in favor of engaging a sustainability study of the Stanley Elementary/High School Complex, under the process of Provincial Policy 409: Multi-year Infrastructure Planning. The sustainability study of a school follows a process that includes three public meetings.

Parents and members of the community are invited to attend the first public meeting in the consultation process on this sustainability study.

Date: Thursday, December 4, 2014
Time: 6:30 PM
Location: Stanley High School
28 Bridge Street
Stanley, NB

At this meeting, district staff will describe the process and outline facts about Stanley Elementary and High Schools, as guided by Policy 409. A second public meeting will be held on Thursday, February 5, 2015, where parents and stakeholders may present ideas on the sustainability of the school complex operating as two schools in one building. Other opportunities to provide feedback are also available, with details on our website at www.asd-w.nbed.nb.ca, following the sustainability study links. Relevant documentation is also posted to this site.

We hope you will join us.

Sincerely,

David McTimoney
Superintendent
Anglophone West School District
