Coop 120: Heavy Equipment Operator Program

A new Coop 120 program will launch next semester specific to students interested in becoming a heavy equipment operator. This is a 3 credit hour course option available to students in the mornings only. Selected students will have the opportunity to learn how to operate a skid steer, backhoe and front-end loader on simulators and will then spend the rest of the semester completing a coop placement with a local construction company. This is an excellent chance to learn skills and get a head start on a career in the construction industry. This opportunity is only open to grade 12 students.

Students need to check with Mr. Wright to ensure that their schedule will work, complete an application and return to Mr. Sparrow by Monday, December 19th. Should you have any additional questions please see Mr. Sparrow.

Ms. Sharpe

students who are participating in painting the windows around the school will have a short meeting at the beginning of lunch in Ms. Sharpe's room A 137.

Swim Team

Woodstock High wants to wish Liam McComb, Ainslie MacInnis, Lola Foster, Quinn Jones, Rylee Kitchen, Tyler Nader, and Braylon Steeves good luck tomorrow at the NBIAA Swimming Provincials. Bring the Thunder to Sussex!
