Technology		Music and Art	
<p>This week, I have included a YouTube photographer, Jared Polin, who grew his following from 0 to 1,200,000 subscribers simply by showing his passion through his brand, Froknowsphoto.com. I included a Danish Artist Olafur Eliasson and Damien Hirst as works to look at. For cooking, breakfast being so important, I included a video to watch of Mia Castro in Chef Ramsey’s Kitchen doing a 10-minute breakfast. As always there’s coding and engineering to pursue with Code.org and Brilliant Labs.</p> <p>The Art and Music lessons combine with Technology as there’s inventions like FaceBook, YouTube, Camera Phone, Flash Drives, etc. which I want you to look up. No stress, no expectations, just look stuff over and think about your own “brand” and how you would grow it to be successful. Check out this week’s files for the Art, Tech and Music lesson as well as this week’s websites to check out. Knowledge is power! ~Mr. Vincent</p>		<p>The 2000’s decade of music, art and technology.</p> <p>Check out the lesson files for this week and give it a shot.</p> <p>Music selection...Bruce Springsteen’s Missing You... https://www.youtube.com/watch?v=9Z8-9WwjegM</p>

A note from your teaching team...			
<p>Power Raiders, we MISS YOU! This past week was bittersweet; it was so nice to see some of you as you picked up your belongings, but also hard to watch as it really hit home that we won’t be back this school year. We hope that you continue trying your best each and every week to be the best Raider you can be!</p>
