Technology	Art & Music
<p>For Technology this week, more fun, no stress, no pressure, learning activities...there's always Brilliant Labs daily activities, Hour of Code challenges to design games, etc. Try to bring your 90's Art/Music project into Technology with a PowerPoint or word document. You could also try and use a 90's song as background music. I'm a big Oasis fan.</p> <p>I've added some photography and cooking demos you can watch and maybe practice with a parent or guardian. For cooking, I focused on Chef Ramsey and a 10-minute hamburger along with a Tabbouleh recipe. For Photography I focus this week on a series "4 photographers and one (1) model"... all on YouTube which I've attached on my week 4 website sheet. All for the fun of learning, no pressure!</p>	<p>Hey everyone, this week we are exploring the 1990s in Music and Art. The sheet you need will be posted in your class file. The 1990s were a fun decade, so make sure you have fun learning about it!</p> <p>Check out this video for a 90s song that has had a lasting impact: https://www.youtube.com/watch?v=HIBYdiXdUa8</p>
Guidance	Physical Education
<p>This week take a peek at the Kids Help Phone guide to navigating some of the media reporting on Covid 19. They've got some great resources to find calm among the chaos of all the stress and uncertainty! Check it out HERE! As always, please don't hesitate to reach out to me if you just feel the need to chat with someone who cares! Keep Smiling! Sandra.harrington@nbed.nb.ca</p>	<p>Please continue to record all exercise with your activity log sheet as part of the Raider Strong Lifestyle Program. This week complete the heart rate activity sheet and do the "cardio and Core workout". I will upload to assignments folder. Measure and record your heart rate during all your activity this week. I would like to see your exercise log in your PE digital notebook if you can figure this out. Stay tuned, stay healthy and Raider Strong!</p>
