

Hi Everyone!

My name is Kelly Ethridge and I am a local, full time Silpada Designs Sterling Silver Jewelry Representative. I am super excited to be partnering with your fundraising committee for the refurbishing of Bayside Middle School auditorium!

I am passionate about using the opportunity my Silpada business affords me to "give back" to the community by forming partnerships with worthy organizations and projects like yours!

The fun begins on Wednesday, November 28 (Parent Teacher Day) and runs from 4pm to 7pm. I will have a Silpada Boutique set up on the main floor for your viewing and shopping pleasure. Silpada is hand crafted quality solid Sterling silver, is nickel free and offers a hassle-free lifetime replacement warranty. You can treat yourselves and/or shop for that silver jewelry loving person on your gift list, knowing that a minimum of 15% of the sales is coming right back, in cash, to the project. (it could very well be much more).

It gets even more exciting! Bayside Middle School will be set up on my website as an online party as well and, because Silpada ships directly to each purchasing customer, you can invite friends and family from all across Canada to participate! They simply visit my personal website (below), select Bayside as the "Hostess" and their order is automatically added to the Bayside fundraiser!

Who can participate? In person....all of you, your friends and family. Online....simply everyone anywhere across Canada! Husbands, dads and sons can take the opportunity to add purpose to their Christmas shopping. What better time to think about a timeless, exquisite quality gift that not only blesses the recipient but blesses the school as well!

The committee and I invite you to visit my site for a sneak preview and we will look forward to seeing you all on the 28th! You can watch for more announcements and updates, followed by a beautiful postcard invite reminder included with report cards a couple of days before the event!
