Chas Goguen is a published local artist that enjoys bringing out the artist in everyone! In collaboration with the District 8 Enrichment Centre, Chas is inviting a group of 20 artistically talented Grade six students to participate in three morning art sessions. Using his own published comic books, the student artists will be guided to create their own finished comic. They will be instructed in character design, plot development, storyboarding and panel layout. Art teachers are to identify **ONE** or **TWO** students who are talented, have an interest in cartooning and who are able to attend all three sessions.
