---

**Principal, Mr. Sean Gorman**

June 19, 2015

Dear Parents/Guardians,

*As costs have increased in recent years the school in partnership with the Parent School Support Committee have determined that the cost of school supplies for families must also increase in order to continue this program. The price will now be \$40.00 per child.*

## **School Supplies:**

This letter is to remind you that Fundy Shores School is continuing our practice of purchasing school supplies for every student. This will allow all students equal access to quality supplies while cutting the costs and time of purchasing school supplies individually.

## **How much will it cost?**

Costs will now be **\$40.00** for all students. In the event we have money left over it will be used to purchase supplies for the students the rest of the year.

## **What is included?**

All regular school supplies will be purchased by us including notebooks, paper, pencils, pens, math sets, calculators, erasers, pencil crayons, markers, glue etc.

## **What is not included?**

Students are still responsible to purchase their own book bags, lunch boxes, gym sneakers and any other items they feel is necessary

## **When is payment due?**

We ask that you send cash or a cheque made out to Fundy Shores School as soon as possible in September to help us cover our bills.

As always any families who are having difficulty paying the fee or have any other concerns are asked to contact the school at 659-3943.

Thank you,

Sean Gorman  
Principal  
Fundy Shores School
