What You Need to Know

Special Dates

March 25th – Report cards to be sent home

March 27th – Parent teacher evening interviews 4:30 to 7:30

March 28th – Teacher PD and Parent teacher interviews 1:00 to 3:00 – NO SCHOOL FOR STUDENTS

March 29th – Good Friday – No School

April 1st – Easter Monday – No School

April 19th – Teacher PD Day – NO SCHOOL FOR STUDENTS

We have had a busy month. It is hard to believe that it is now Spring. This means that we are on the countdown to the end of the school year. Grade 5 students and their parents have had the opportunity to attend Late Immersion information sessions and are in the process of deciding whether they will enter late immersion or the English program for middle school. We have not received information regarding grade 3 French Immersion information sessions or sign up forms but will pass them along as soon as we have that information.

Important dates for March and April have been listed above. Please be sure to mark them on your calendar.

We would like to take the opportunity to thank the Parent's Association as well as all of our school parents for their generous treats and gifts during Staff Appreciation Week. Nothing brightens up a dreary February day then your thoughtfulness.

Report cards will be sent out next week. Because of the tight schedule due to Good Friday, please be sure to return your request for an interview promptly. We will make every effort to accommodate your request for a specific time but, please note that there may need to be rescheduling.

Students in grades 4-5 completed an electronic survey and parents of all students have received the Tell Them for Me provincial surveys. Please return your paper copy, sealed in its envelope as soon as possible. A special thanks to families who completed the WITS survey administered in the winter. This is the last round of WITS data collection. We will continue to utilize this very successful program.

Dressing Warmly

Parents are reminded to ensure that children come to school wearing clothing appropriate for the weather. Layers are best to help with temperature fluctuations. Waterproof boots and a change of clothing left at the school will avoid a call to you if your child gets wet.
