Harbour View students turn a corner

The Turn Around Achievement Awards were held at a ceremony at the Lily Lake Pavillion on May 24th. The awards are presented to students who have overcome educational obstacles. Harbour View celebrated the achievements of two students, 2018 graduate Deanna Esson, and Grade 11 student Alyssa Charters.

Submitted by Mrs. Butler

I would describe Alyssa's arrival to our school three years ago as a bit tumultuous. She had a presence that you couldn't help take notice of. Alyssa is a girl who is used to defending herself and I think it took a while before she realized that she was at home in my classroom and in our school. When she finally let her guard down, things began to change for her in a big way.

I've seen her friendships and relationships with students from all walks of life grow. She is especially kind to the special needs students in my homeroom. If our homeroom is involved with an activity, she's at the center of it rallying the troops. She is now excelling in all of her classes. Her history teacher, Mrs. Tunney, describes her as "the definition of a student: focused, engaged, and willing to take a risk." Her science teacher, Ms. O'Connell, said "she comes to class every day with a huge smile on her face and gives me a "hey girl!". Don't let that smile fool you though – Alyssa Charters is no one's fool. " Her math teacher, Mrs. Robinson, overheard a student asking Alyssa for an answer on an assignment and she said Alyssa replied loud and clear for all to hear, "Do it yourself ; I'm not giving you my work!"

All of Alyssa's teachers have commented on her positivity, and I would echo that, you can't help but smile with her. The list of Alyssa's good qualities is long, but what I love most about her is her confidence. This girl is fearless. She is smart and she is strong and she isn't afraid to show it. Congratulations Alyssa, all of your teachers are so proud of you!

HV teachers flooded... with kindness

We would like to thank all of the people who helped us get through a tough time this past spring during the flood. We were humbled and touched by the amount of support we received from the Harbour View High School community. Students, parents, alumni, and co-workers helped us so much at a time when we were helpless. We will be forever grateful for your caring and kindness! Thank you.

-Ms. Bossé & Ms. Sanderson

Alyssa Charters is shown here with Mrs. Butler.

University of New Brunswick: VReds Unveil Largest Recruiting Class

(FREDERICTON, NB) With 25 incoming athletes, the UNB Varsity Reds Track and Field team's 2018 recruiting class is the largest in the program's history.

The men's class is impressive, boasting athletes who bring with them provincial championships from New Brunswick, Nova Scotia and Manitoba.

"I'm optimistic about where this class will take the program," says Varsity Reds head coach Chris Belof. "This year's class is a big step for our men's program. We've been second in the AUS the past two seasons. This class could be the one that helps us take that next step up."

The 2018 Varsity Reds men's track and field recruiting class includes:

ALEXANDRE BANKS:

An 18-year-old, from Saint John, Banks specializes in middle distance running and will be a member of both the Varsity Reds track and field and cross country teams.

He'll graduate from Harbour View High School and has been a member of the Saint John Track Club, Harbour View High's track team, and Team New Brunswick (both track and cross country).

In 2017, Banks was the gold medalist over 1500 metres at the provincial outdoor championships and earned silver medals in the 800 metres at the outdoor championships, and NBIAA Cross Country championships.

In 2018, he's won gold over 800 and 1500 metres at the provincial indoor championships, and earned bronze medals over the same distances at the national indoor championships.

Banks has also been a member of his high school's volleyball, badminton, rowing and soccer teams, serving as captain of the soccer team for three years. He's also an accomplished speed skater, a member of Team NB.

"I have always been a determined athlete, and I will train ardently to do my best for the team," says Banks. "Track is, most often, an individual sport, but I believe in a team effort and I will always be there to support and help other Varsity Reds."

Banks will study Mechanical Engineering at UNB

Way to go, Alex!

Rowers help victims of flooding

Submitted by Ms. O’Connell

Since the NB Flood impeded rowers from getting on the water for a few weeks, the students decided to use the time meant for practice, to help others affected by the rising waters. Students went to the sand pit behind Westfield Elementary School in Grand Bay-Westfield to fill bags and helped transport them to various homes in the area.

L-R: Declan Hartery, Eryn Hansen, Evan Murray, Lauren Palmer, Grace Melanson, Hannah Breneol, Charlotte Casey (kneeling), David Fox, MacLaren Dick and Mark Kelly.

Students in Ms. McDonald’s Young Adult Literature class have started a multi-year project by painting the spines of their favourite books on the wall between 307 and 305.

SPORTS

with Alexandre Banks & Ethan Higgins-Watson

Hello Vikings! We have many significant athletic accomplishments to talk about in this issue. The Harbour View athletes represented our school incredibly throughout the month of May. This is the final article that we will be writing together as I, Alexandre Banks, will be graduating this year; however, I will be thinking of all of you and supporting our sports teams from UNB Fredericton. Now, more about sports.

The girls rugby team had an incredible season; their development and improvement from last year was colossal. The girls practiced hard and their dedication paid off on the field. The coaches of the team, Cheryl Oliver, Andrew MacDonald, Ann Eagles, Lisa and Dominique, are proud of the talent and team work that the team displayed. Winning 36-17 against Fundy and 17-12 against Simonds were a few of the many victories that this team was able to obtain during the season. Unfortunately the team lost their first game of playoffs. Still, Juliette Poziomka says “It was a great season and we all improved a lot.” The majority of the players will be returning next year and the young team is excited to grow and enhance their team and individual talents.

The senior boys rugby team had another action-packed season, full of intense games and electrifying tries. The team ended their season with a total of two wins and four losses but progressed throughout their season. One of the boys' victories was against Rothesay Netherwood School and the Vikings beat

them 20-12! Way to go, guys! I'm sure the team cannot wait for next season to begin tackling once again and neither can we. The junior boys rugby team also had a great season this year and went to Provincials. In this tournament they faced Saint John High School and unfortunately lost but still played strongly. The team had an amazing run and the athletes cannot wait until next season.

The Track and Field team, although small, packed a punch when competing against other schools. Training ardently for the competitions prepared the team members to outperform their opposition. The team had many top finishers at the provincial qualifier the South-West regional meet. Jillian Beck placed first in Javelin and second in Discuss and Shot Put for senior girls'. Ethan Crowley, in the junior boys' division, placed second in the 3000 meter run and third in the 1500 meter run. Alexandre Banks, in the senior boys' division, won both the 1500 and 800 meter races. Kaden Major also qualified for the senior boys' 800 meter run. A great weekend was had by all HV athletes at the South-West regionals. The stress was on for the HV athletes the following weekend as it was the annual High School Provincial Championships. All the training had been done, now it was up to the athletes to decide whether they could mentally beat their opposition. Unfortunately the provincials were extremely windy and rainy which took its toll on the athletes; however, the HV athletes prevailed. Jillian Beck won the provincial title for the Javelin throw, beating the next Senior Girl by three meters. She also placed fifth in discuss and seventh in shot put, great job Jillian! Jillian is an incredible athlete who consistently demonstrates her superiority in the throwing events at a provincial level. Ethan Crowley had an incredible weekend placing fourth in the 3000 meter race (beating his personal best by 15 seconds) and placing eighth in the 1500 meter. Kaden Major was also a top finisher in the boys' 800 meter race. Alexandre Banks won the provincial title for both the senior boys' 1500 and 800 meter races. Great job to all athletes who competed at these meets, your hard training paid off. Track and Field is a wonderful team and individual sport, helping to improve your mental and physical wellbeing. Next year, more people should try out this fantastic sport; there is a place for everyone. We are looking forward to see how the team does next year!

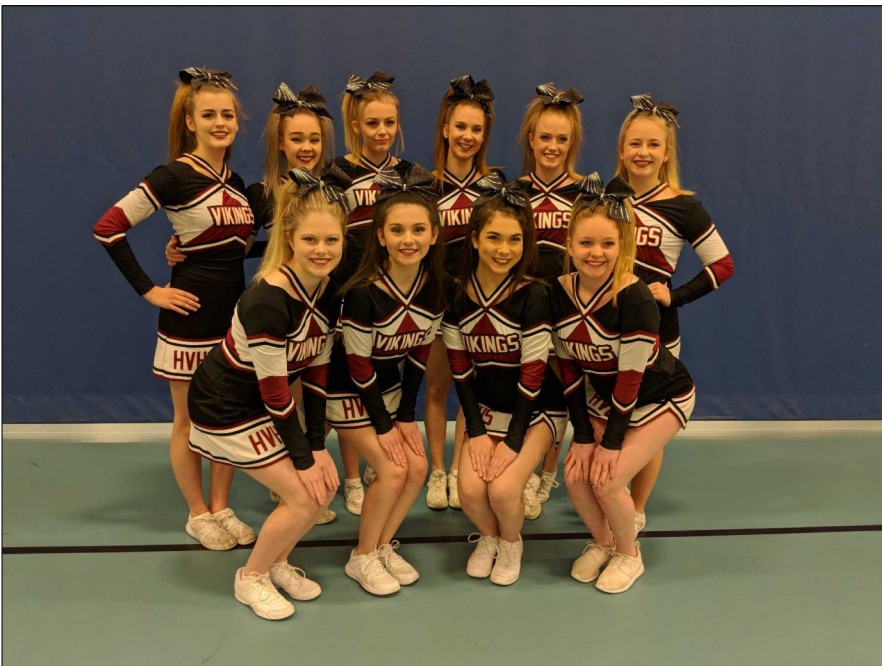

Kaden Major, Jillian Beck, Alex Banks & Ethan Crowley

(Photo submitted by Ms. Oram)

The beginning of the rowing season for HVHS had the team excited to get out on the water and begin competing. New and returning rowers all had great hopes to train hard and have fun. Unfortunately, just as the team's season began, the flooding in the Saint John area, that affected so many people, postponed the team's season. HVHS practiced on land during this time and kept their goals of crushing the High School Regatta in sight. As the flooding settled, the team eventually got the chance to get on the water! Everyone enjoyed their time practicing and learning. Their training

has prepared them and the team's Regatta is set for the 8th of June. We can't wait to see how the team competes. Good luck all!

The end of the year has come and the sports teams of HVHS are pretty well all done. This year was one of the best for Harbour View with plenty of great accomplishments and lots of fun. All the athletes at our school have a fantastic time representing HVHS as Vikings and are some of the best in the city. Hopefully next year will be just as great as this year. Read the next issue of Harbour Views to check up on the sports teams of HVHS next year. Have a great summer everyone, and good luck on exams!

Congrats to our graduating cheerleaders!

Amirault
Basque, Kelly
Boyce, Ethan
Godsoe, Patrick
MacDonald

Students from Ms. McDonald's Writing 110/120 class attended the *Write Stuff* workshop held at the Saint John Arts Centre on June 1st.

In its 8th year, this day offers keen writers the opportunity to learn from a variety of mentors across genres. Students were able to choose from workshops including Flash Fiction, Comic Script Writing, Songwriting, and Journalism like Jughead Jones.

“‘The Write Stuff’ was great because we actually learned things,” said Grade 11 student Jacob Moore. “Nothing extravagant, but certainly little tricks and how to’s that will help our writing later on.”

The seventh issue of *The Write Stuff* magazine was also launched on this day.

Ethan Godsoe in the “Finding Your Poetic Voice” workshop with Annette Robichaud.

Maddie Muise, Nadia Vilhena, Solly Ross and Dylan Amirault-Basque take part in “Creating Character” workshop with Peter Breau.

We take our wellness seriously

Submitted by Mrs. Scott and Ms. Lennon

Our year-end Wellness BBQ is a nice way to wrap up our year of wellness activities here at Harbour View. I think it is a show of success when so many of our students and staff take part in the planning, preparation, cooking, and serving of the food. This is the part I enjoy the most about this program. It is a true sense of Viking family time or "Vikingship" when we all come together for this social gathering involving food to celebrate our wellness year and school year coming to an end.

Our wellness goal at Harbour View is to promote healthy eating throughout the school year with the primary focus on increasing the consumption of fruits and vegetables of our students. I think our year-end BBQ defines healthy eating quite nicely, offering hamburgers and salmon skewers along with many salads, such as broccoli salad, fruit salad, pasta salad, spinach salad, veggie platters and banana splits for dessert loaded with strawberries.

We certainly wouldn't be able to run a wellness program without the help of many wonderful volunteers, sponsors and grants made available for programs. So I would like to send a huge **Thank You** to the following sponsors who helped to make our program a success this year:

- Department of Social Development (School Wellness Grant)
- Nutrition Literacy Grant - District Office
- TAPPS committee - donations to breakfast/lunch programs
- No Frills - Monthly donations of bananas (Wellness weeks)
- Cooke Aquaculture Inc. - salmon skewers for BBQ
- Chartwells - Donation of salads for BBQ, and cafeteria cash
- Bare Wellness - Cash donation

(Above) John Harley & Declan Hartery cook up some delicious salmon skewers compliments of Cooke Aquaculture.

Well Vikings, it's June. Graduation is here. I have many graduating friends, so to them, I say thank you. You have made my time at HVHS wonderful. I'm shocked at how fast the time has gone by, and that this time next year, I'll be walking across the stage in a cap and gown. So to close out the school year, I'd like to recap my favourite stories from October to May.

Carrie Underwood: (Originally Published March 2018) Yet again, America's Country Music Sweetheart is proving to fans just how kind she is. The *Blown Away*

singer has donated \$10,000 to help a longtime friend and Checotah Oklahoma Police Chief Justin Durrett after a car accident. The report states that he lost control of his truck on the way to work on February 11th. As the car rolled off the road, he was thrown from the car. He was taken to hospital with severe injuries and remains in the ICU. A GoFundMe page was set up to receive support for the pricey medical bills. When Ms. Underwood found out about the incident, she took it upon herself to donate half of the required goal, raising the total amount to \$13,000. As of May 24, 2018, the page now has a total of \$19,586. Carrie grew up in the small Oklahoma town and saw this as the best way to help the community as well as a dear friend.

Fergie: (Originally Published April 2018) Yup...you know that name, the world-renowned pop star who has become one of the most of the biggest memes of 2018. In February of this year, Fergie was asked to sing the American National Anthem at an NBA All-Star Basketball Game. Well, to make a long story short, she butchered the song like a pig in a slaughterhouse. To put it simply, she sounded the way we do when we sing in the shower. Since then, she has made her first public appearance. She appeared at a concert with DJ Khalid where she sang many of her hits like *Fergalicious* and *My Humps*. But fear not, she did not sound like a dying cat for the concert. To be honest, the committee that chose Fergie should have considered someone more in the public eye. The last time Fergie had a hit single was in 2013. While that may not seem like a long time, that was after a hiatus of around 5-6 years. Now people have to dig back into the older material to drown out the sounds of 2018 Fergie.

(Photo: newsmax.com)

Mason Ramsey: (Originally Published May 2018) Alright, another meme for you all!! 11-year-old Mason Ramsey made headlines after going viral on YouTube as the Walmart Yodeling Boy. Mason already has a pretty big career for his age. He opened for Josh Turner at the age of four, he started playing guitar at age 6, and when he turned 7, he appeared on a Kenny Rogers Christmas Special. He is also a member of the "Stars of Tomorrow" program at the Kentucky Opry. Ramsey's grandfather stated that Mason started singing as soon as he started talking. They used to listen to the music of Hank Williams Sr. After the video went viral, he caught the attention of former comedienne and talk show host, Ellen DeGeneres. During an interview, he told Ellen, "My dream is to perform at the Grand Ole Opry." Luckily for Ramsey, that dream came true. After his performance on Ellen, she told him that he was scheduled to appear on the Grand Ole Opry that coming Saturday. Also, Walmart heard about his other dream to pursue college. They presented him with a check in the sum of \$15,000 to go towards his college fund! As you may have expected, his performance at the Opry was a success. Mason was presented with a gift of a new record player with his favourite Hank Williams records and a \$5000 cheque for his college tuition. Since then, he has released a song titled, *Famous* which has topped the charts on Spotify and touring across the United States making personal appearances at festivals like Coachella and Stagecoach.

That's The Glimmer In The Stars...

Relay for Life raises over \$25,000

This year's Leadership 120 class organized an incredible *Relay for Life* which started with an all-school event which happened over lunch and forth period on May 11th. Students were treated to a barbecue and a variety of games to help get them in the Relay spirit.

The main event kicked off at 6pm and finished at midnight. Students raised a whopping \$25, 675.27, putting the grand total we've donated to the fight against cancer to over \$200, 000. Way to go Vikings!
