Can you spell...H-I-L-A-R-I-O-U-S? Teachers hit the stage in musical

By Rachael Vance

Teachers have been hard at work for the past five weeks to prepare for *The 25th Annual Putnam County Spelling Bee*.

“We decided to do a teacher musical this year because we came across the right show and the perfect teacher actors were available at the right time as well,” said Ms. Bossé, the director.

The 25th Annual Putnam County Spelling Bee is about a group of elementary school students, who are competing in an old-fashioned spelling bee...with hilarious results.

“The audience can expect to see a H-I-L-A-R-I-O-U-S show,” says Ms. Bossé. “There are many levels to enjoy: it's a musical, adults playing elementary school children at a spelling bee, teachers being those actors - singing, acting, dancing - it's a beautiful show. Each of the actors really had to dig in to explore these complex characters - these adult children with the pressures of the world on their shoulders.”

Most of the cast comes from HVHS, but there are three special guests including Christopher Lane (a voice coach many of us know because he works with a lot of HVHS students), Mr. Lenarczyk (a St. Mac's teacher) and Kyla Wright (a River Valley teacher). The rest of the cast includes Ms. Sanderson, Ms. Cyr, Ms. Tomilson, Ms. Ahearn, Mr. Pottle and Mr. Carson. The stage crew is managed by Nick Williams and Nikki Kuehnel.

What's it like working with adults instead of students?

“Students are more willing to take risks; more willing to 'fall on their faces' in front of each other,” says Ms. Bossé. “Teachers are used to being the ones in control with the answers and opening up and being vulnerable is not something teachers are used to doing. However, adults are a dream to rehearse in terms of scheduling. This cast has

L-R: Ms Tomilson as Marcy Park, Mr. Carson as William Barfée and Mme. Ahearn as Olive Ostrovsky

(Photo submitted by Ms. McDonald)

been amazing in terms of time commitment. We only had five weeks to rehearse this show and they have been SO dedicated. It's really amazing what we have accomplished in such a short time.”

The 25th Annual Putnam County Spelling Bee is not without its surprises.

“We have four different guest spellers at each performance so there will be surprises for the cast, for the guest spellers, and for the audience. Really, you could go each night and see four different shows.”

The 25th Annual Putnam County Spelling Bee debuts in the HVHS auditorium October 3 with shows through October 6. Tickets are available at the door for only \$10.

Best Buddies program looking for new members

By Shelby Hamilton

“Our overall goal is to create friendships”, says Ms. Muise.

That is the primary goal of the Best Buddies program. It is a volunteer movement that pairs students of Harbour View, and surrounding schools, with students who have intellectual disabilities.

Leadership teams lead each chapter. A leadership team consists of: a chapter president, a staff advisor, a buddy advocate and a Best Buddies Staff Member. As a high school student, you have the opportunity to become a “Peer Buddy”. A Peer Buddy is placed in a one-on-one friendship with an intellectually disabled student. Your obligations include: meeting your buddy twice a month, contacting your buddy once a week, and attending group events. Throughout the school year, each buddy group attends many fun activities. Once a week, the best buddies groups meet in student services.

Why should you get involved in HVHS's Best Buddies program? The Best Buddies School Program allows you to create a more belonging environment at our school and community, develop excellent leadership skills, make new friends, and crush societal stereotypes. To learn more about the Best Buddies program, contact Ms. Muise in room 315.

International students at HVHS

By Harbour Views staff

Many of you are probably familiar with Sana Nearing—especially if you are a swimmer. What you may not know, however, is that Ms. Nearing is the International Student Coordinator for Atlantic Education International (AEI).

“I find host families for students,” she explains, “and take care of setting them up in school. Once a month I organize some sort of Canadian activity for them.” On Sept 29, the students and their host families went whale watching.

Harbour View has had a long-standing relationship with Concord College in China. “China has been sending students to New Brunswick for 15 years,” Ms. Nearing says. “It’s a wonderful opportunity for these students because it means they also earn a NB high school diploma.” This diploma is important since the goal of many Chinese students is to come to a Canadian university.

This year’s crop of Chinese students came to New Brunswick specifically to take Advanced Placement courses.

“We’re hoping we’ll get more international students wanting to take AP courses,” says Ms. Nearing.

Our association with Concord College is also beneficial to NB students.

“HVHS students have the opportunity to attend summer camp in China,” says Ms. Nearing. “The cost is really reasonable; students don’t even end up paying the full cost of the flight. You’re really well looked after by the Chinese host families and it’s an amazing opportunity to see things like the Great Wall.”

Harbour View is really open to having the international students here during the school year.

“Most HVHS students embrace them,” Ms. Nearing says. “Everyone wants to get to know them and many lifelong friendships are made during the course of the year.”

German students Nele Storck, Linus Goettker, and Ruth von Kleist-Retzow arrived at the Moncton airport on Sept 1st.

SPORTS BEAT...A MONTHLY LOOK AT HVHS SPORTS

BY MATT COCHRANE

Hey sports fans! Are you excited for another crazy year at HVHS. Well, I sure am, especially because of the amazing sports teams that are representing us this year!

To get the year started off on a good note the girls soft ball team has been dominant! They won their first three games and are well on their way to their second banner in as many years! Let's go girls!

In other news, the boy's baseball team ended their season on a good note winning their final game of their season. Most of the players are very happy with their season. They beat St. Stephen and tied Saint John High!

The boy's football team, led by Calvin O'Neil and Anders Blizzard (offence) and Elliot Vautour and Bryce Johnson (defense), won their first game against Sussex high with Anders Blizzard scoring three touch-downs. The boys are currently 1-1 losing a hard fought battle to Ecole L'Odyssee.

As for soccer, the girls have played a few games including games against St. Mac's and Sussex High. The boy's played their first game against St. Mac's and put up a good fight, but unfortunately couldn't come away with the victory.

Last, but certainly not least, the girl's field hockey team has started another season and they have come out of the gate fighting! Keep it up girls!

Well that's it for the sports news! I'm Matt Cochrane, You stay classy HVHS!

Mumford and Sons rocks

By Cameron Secord

Are you sick and tired of the same old pop and rap songs? Ever thought of listening to something different, something that makes you feel good and you can relate to? Ever heard of Mumford & Sons?

Mumford & Sons are an English folk rock band. The band consists of Marcus Mumford (vocals, guitar, drums, mandolin), Ben Lovett (vocals, keyboards, accordion, drums), "Country" Winston Marshall (vocals, banjo, dobro, guitar), and Ted Dwane (vocals, string bass, drums, guitar). Mumford & Sons are the type of band that will put you in an awesome mood. The band's first album *Sigh No More* came out in 2009 and won many different awards in America and Great Britain. Two of Mumford & Sons popular songs are "I Will Wait" and "Little Lion Man". Mumford & Sons uses bluegrass and folk instrumentation, including banjo, upright bass, mandolin and piano, played with a rhythmic alternative rock and folk style. The four band members bonded over their shared love of "rootsy" music. Their new album *Babel* debuted September 24th. Much of Mumford & Sons lyrical content has a strong literary influence. Many of their lyrics come from Shakespearean plays and verses from the Bible. Mumford & Sons have played all over Great Britain, Ireland, Australia, New Zealand and recently America.

Mumford & Sons' live reputation precedes them, and now their incredible debut that reveals the extent of their magic and majesty is recorded for everyone to enjoy. Feel the fire in your belly and the romance in your heart as you listen. Let your voice break into rapture – and you too sigh no more.

Colourful denim new fashion trend

By Catherine Schousboe

When we think of school, we think of buying school supplies, seeing old friends and making new friends and choosing the right outfit for the start of a new year. Sometimes it can be stressful if we don't know what's in or what's out. Have no fear! Here are some of the cutest and most popular pieces of clothing to wear that will make you stand tall and proud among the crowd.

One piece of clothing that I noticed that a lot of people are wearing is the denim jean. Whether it's skinny or flare, anybody can pull it off.

Lauren Bennett, is a grade 11 student who loves fashion. "Colored and patterned denim is in," she said. "They add a pop of color to the leg and make you look chic, but also stylish. Moccasin flats are in, too and equestrian-style footwear."

Moccasin flats add a bit of aboriginal culture to any outfit and are super comfy to wear. As for equestrian style, riding boots and riding pants make you look bold. Another piece of clothing that is in is wool leggings. A simple pair of boots and a buttoned down shirt go great with these. Most of

the girls in the school wear ballet flats. Any color or pattern goes fantastic with a skirt.

Dresses are still popular to wear for the fall. The most popular ones seem to be either patterned or brightly colored. According to grade 12 student Hannah Wallace, dresses "are comfortable to wear." Any dress can be complimented with high heels and large jewelry.

Plain and patterned scarves are also a must have for the fall season. They brighten up plain coloured tees and they go great with a leather jacket.

Guys are interested in fashion, too. The majority seem to be wearing hoodies. Not only can you wear these with any type of shirt, but hoodies also keep you toasty warm. This is really important when you are waiting for the bus on those nippy days. Straight leg jeans are also popular with the guys. Sneakers are definitely the main shoe of choice, brand name or not. Fashion is a great way to show your personality.

(Left: Lauren Bennett shows her personal style.)

Halloween is more than costumes and candy

By Miriam Bowen

We think of Halloween as a time to get dressed up and go door-to-door for candy. Half of the fun is trying to think up fabulous costume to wear. But do you know the story behind Halloween?

Halloween is actually one of the oldest holidays—thousands of years old, in fact. According to halloween-history.org it “has roots in ancient religions and folklore, including paganism, ancient Roman religions, early Catholic Christianity, Irish folklore, and even British politics.”

The site goes on to explain that “around 2,000 years ago, the Celts, who lived in what is now the United Kingdom, Ireland, and northern France, had a festival commemorating the end of the year. Their New Year was November 1, and this festival was called Samhain, pronounced sow-en. The end of their year signaled the end of summer, the end of the harvest season, and the beginning of a long, hard winter that often caused many deaths of animals and people.”

Typical Halloween traditions include costumes, candy, jack-o-lanterns, ghosts, apples and bonfires. While we tend to think of Halloween as ‘the candy holiday’, it’s interesting to know a little bit about the history of this holiday. For more information visit <http://www.halloween-history.org/>
