Students must select 40 credit hrs. Credit hr. values are given in the column to the right of each course name. Please read directions at the beginning of each section with care. Check your selected credits in the column provided.
Students must select two additional courses to be used as the alternates should one of the original selections not be possible. Indicate the courses to serve as your alternates by writing ALT in the check-box next to this course.
The total number of course selected should be 10 plus the 2 alternates.
