

# Welcome to Course Registration for 2024 - 2025

A student's guide to a successful course selection

<https://sisasds.nbed.nb.ca/public/home.html>

# Course Registration

Course registration is the opportunity for students to select which courses they would like to study in the **2024-2025** year.

Effort is made to ensure students receive their first choices; however, schedules are created based on enrollment, individual course selections, and teacher availability. Courses that have only one section offered add an additional layer of difficulty for timetables.

Alternate selections are used in lieu of unavailable courses or courses not aligned with the student's other compulsory courses.

**It is important to carefully consider your alternates when selecting courses.**

Have met the learning requirements prescribed in the grade 9 Curriculum
