

Loch Lomond School PSSC Meeting

March 2018

- EMO Emergency Measures Organization: Saint John Airport is the evacuation spot for LLS.
 - SJPF have reported positively on our practice. → Q&A took place re. plan
 - Parent Letter sent home advising of upcoming practice (not a specific day but time frame)

- UdeM (Universite de Moncton) has committed to undertaking some Action Research in our Kindergarten classrooms
 - Prof. V. Frieman will be the lead researcher looking at 21st Century Skills.
 - Consent forms will be distributed to participate.

- School Events Calendar overview:
 - FI Dept. hosted French week and it was well received
 - Mad Science hosted a school-wide presentation
 - Parent Teacher and Report Card dates reviewed

- Looking for a corporate PALS partner (e.g. Cooke's Aquaculture)

- Discussion re. hot lunch for students who are w/o instead of snack items that are currently stocked.

- Facilities updated has taken place with positive report from facilities rep who recommended keeping windows partially open to better engage the passive air ventilation system.
 - Facilities upgrades are always in favor
 - Depending on enrollment configuration and Homeroom class configuration we may exceed capacity for available classroom spaces – details TBA.
