

MUSIC

I can make up rhythms to music
I can learn and think about a new song
I can move to show what's happening in a song
I can tell whether music moves up or down
I can listen and describe the music I hear

<https://musicplayonline.com/>

Students can click on their grade and choose preferred songs, or scroll down to UNITS and choose SPRING or CAMPFIRE and apply these I CAN statements. They can also click on GAMES on the right hand column on the homepage and choose UP and DOWN. Here is a lovely spring song called "Over in the Meadow." <https://www.youtube.com/watch?v=C6ljGXMMB-g>
