Vice Principal, Mrs. Tanya McGrath

Administrative Assistant, Michelle McCaughan

April 13, 2020

Hello Teed Families,

We hope everyone is doing well, staying home and safe. Tomorrow teachers will be sending out our first weekly learning opportunities to students. This is new to us, as it is new to our students and families. We hope that you will find time to work on the materials, use the online resources and have students read each day. Our PE teachers (Mr. Magee, Ms. Panun and myself) as well as our Guidance teacher (Ms. Panun) have placed weekly suggestions and updates on the schools webpage, please have a look at these.

We realize that times are certainly different, and schedules and family routines are very much different than that of just a few short weeks ago. It is our hope that these learning opportunities will enable families to help find some routines and keep our very talented students working on their studies. We will be sending out weekly learnings on Mondays of each week. Teachers are close by to assist if needed, please feel free to reach out to us via email. Teachers will also be checking in with families on Wednesday each week.

We have had many questions about the possibility of entering school to gather up students' materials, but we have been advised by the Department of Education and Health to remain out of schools. Should this change and access be granted to us, we will pass this along to families.

Please stay safe and thank you for your ongoing support in our school community. On behalf of all of us from M. Gerald Teed, thank you to all of the essential workers who are helping keep us safe during this crisis.

M. Crowley
