

Welcome to Course Registration 2022 -2023!!!!

A student's guide to a successful course selection

- ▶ Course registration is the opportunity for students to select which courses they would like to study in the 2022-2023 year.
- ▶ We do our best to ensure that students receive their first choices, but that is not always the case and, particularly when students are looking for a course that has only one section offered.
- ▶ If you don't receive your first choice, your alternates are used. It is important to carefully consider your alternates when selecting courses.
- ▶ Good Luck!!
