

# **Welcome to Course Registration for 2021 -2022!!!!**

A student's guide to a successful course selection

**<https://sisasds.nbed.nb.ca/public/home.html>**

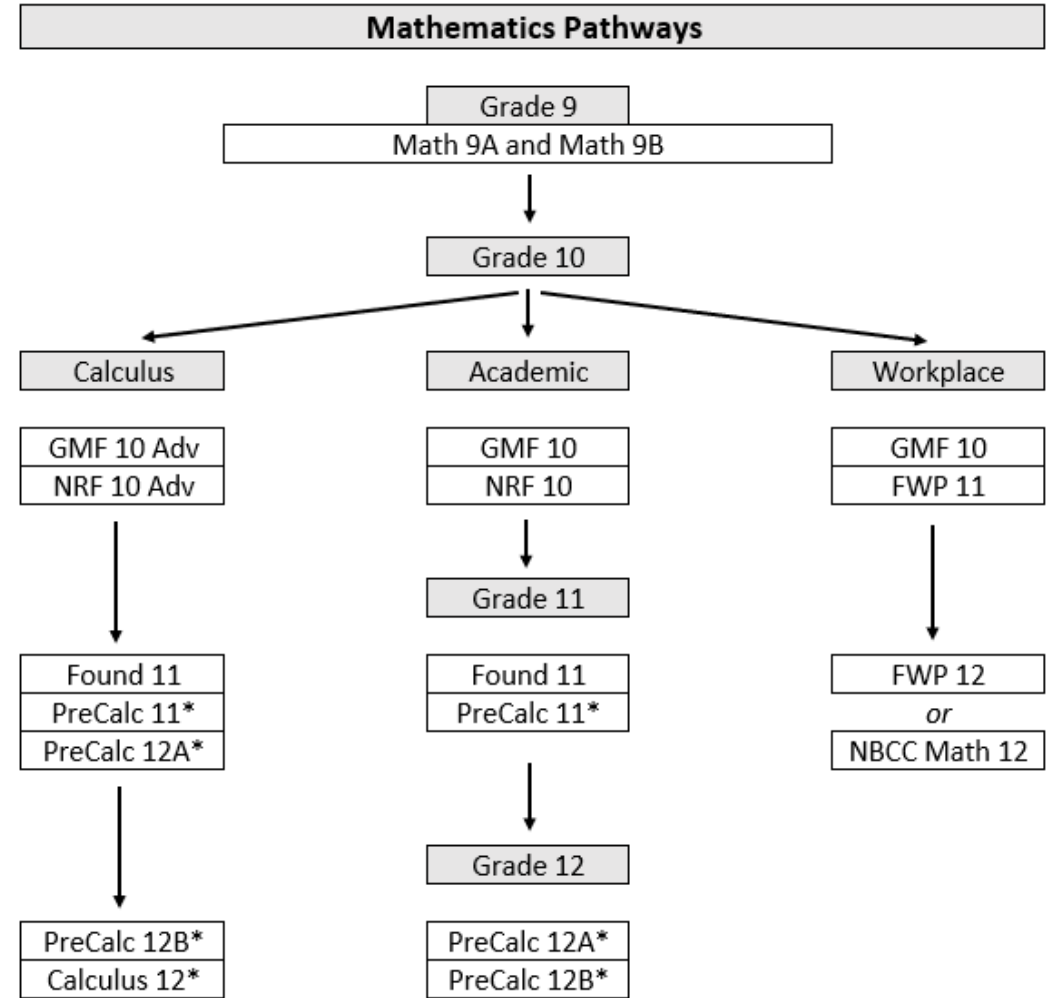

- Course registration is the opportunity for students to select which courses they would like to study in the 2021-2022 year. We do our best to ensure that students receive their first choices, but that is not always the case and, particularly when students are looking for a course that has only one section offered. If they don't receive their first choice, their alternates are used. It is important to carefully consider your alternates when selecting courses.
- Good Luck!!

# Important Information for Students entering Grade 10

- 1) Students entering Grade 10 now require 2 Math Credits to Graduate. Numbers, Relations and Functions (NRF) is now considered a credit course.
- 2) Students in grade 10, must select 2 Specialties ( Art, BBT, HPE, Music or PDCP).

**Students are asked to carefully think about their courses and choose wisely.**

\* Course is not required to graduate but may be required for post-secondary. Please review the course requirements for the program you are interested in.

Students must choose a pathway in Grade 10. However, it is strongly recommended that every student register for GMF 10 and NRF 10. It becomes easier to change pathways later if their post-secondary plans change.

## Important Information for Students entering Grade 11

- 1) English 11 is two separate courses. **Students must choose** English 112 A/B and English 112 B/A. (Or English 111 A/B and English 111 B/A or English 113 A/B and English 113 B/A)
- 2) **French Immersion students require 5 courses** in French Immersion for graduation purposes.

**Students are asked to carefully think about their courses and choose wisely.**

## **Important Information for Students entering Grade 12**

- 1) Students interested in taking the IDEA Centre Coop with Mr. Van Beek must contact Mr. Langille
- 2) Students signing up for Coop 120 are not guaranteed acceptance. An application process, based on attendance marks and behaviour, will take place once course selection has ended.

**Students are asked to carefully think about their courses and choose wisely.**

**Here is a list of prerequisites to help in your course selections.**

**In order to take a level one/AP course, students need a 75% or better in the course prerequisite.**
