Educational Travel...

why is it important ?

Make a lasting impact

Travel encourages **independence** and opens our eyes to **new points of view**. Participants return home more curious about the world around them and more **aware** of themselves.

Prepare them for success

Students who travel abroad gain a **new appreciation for education** and everything the **world** has to offer them.

Bring classroom lessons to life

Teach history where it happened, **languages** where they are spoken and **cultures** where they are lived.

Benefits of Group Travel

- More **FUN** than on your own.
- Groups given preferential treatment from waiting in lines or to see things such as behind the scenes tours not available to individuals.
- Get to see & do more things in a shorter time period (itinerary & bookings done in advance & guide provided).
- Eliminates hassle of deciding, organizing and scheduling once arriving at destination.
- Friends are with you to share the experience.
- If problems arise, trouble-shoot them together, not alone.

Why thousands choose EF ?

THE EF EXPERIENCE

EF - "Education First"

50 Years Educating Students

World's Largest Education Company
Certified through **TICO**, and a member
of **Student and Youth Travel
Association** of North America, and the
