### Important Dates

#### From Mrs. Carhart

We have had a very busy week ensuring all our students are scheduled into classes and ready for another successful year. To that end, our population continues to grow and we are almost at 1050 students which is something to be celebrated!

As a team we are looking forward to having the halls filled with students and making connections with our students.

Our guidance department will be working through course changes this week and those requests from students that we have received. Our process is to call students down to guidance starting with Grade 12's and endeavor to complete this this week.

We are looking to build our PSSC (Parent School Support Committee) members and if you are interested/able to be part of this team please send me an email.

The energy in the building is exciting as the staff are eager to start a new year and fill the building with spirit!

Mrs. Carhart
