From Mrs. Carhart

Thank you to the SRC for planning the Green/Gold Day, Pep Rally for Fall sports and their continued commitment to SHS!

Our school is fully operational and available to be rented for community use through the community use of schools link: <https://asd-s.elyxir.com/Start.aspx>

Our school also boasts a theatre, gymnasium, billiards room, cafeteria, all able to be rented for community use. These are all great spaces for birthday parties and special events!

Some of the courses we are offering do have small costs associated with them. You may see some of those emails coming into your inbox in the near future.

We are grateful to have our Cafeteria open again under the operation of Chartwell services. Their food is delicious, the service is the best and there is always somewhere to sit with friends!

Mrs. Carhart
