From Mrs. Carhart

As Semester 2 is now upon us we move into preparations to recognize the academic excellence of our Honors/High Honors Seabee students on February 14th. As a reminder, this is a ceremony to celebrate students who have maintained academic rigor at one of two levels. Students who achieve an average of 80%-89% will be recognized at the Honors ceremony and those with an average of 90% and above will be recognized at the High Honors ceremony.

Another exciting part of Semester 2 is that we are also working on the course registration process for the fall. We will be breaking the process down step-by-step for students and families including a family information session. Stay tuned for more information.

We are proud of the new courses that teachers are offering and looking forward to seeing our students and community benefit from both the Indigenous Studies and Black History courses being offered this semester. It's not too late to sign up for these opportunities as well!

Our school proudly boasts over 15 AP courses and we encourage all our students to try an AP course to gain a University credit for free here at SHS!

Have a wonderful weekend,

Mrs. Carhart
