November 10th, 2023

From Mrs. Carhart

The school pride hasn't seen this level since 1999! This past week has been filled with spirit, energy and excitement with the anticipation of the provincial championship game Saturday. We are hoping to fill the stands with as many fans as possible for the 2pm kick off at Rocky Stone Field!

Accomplishments like this give us pause to be grateful for the army of volunteers we have who guide, coach, mentor and support our youth. Without these dedicated volunteers we couldn't do what we do, and we certainly wouldn't have the achievements we have. These milestones cause us to reflect and give gratitude. We are so fortunate to have this community of Seabees come together to support our youth. Thank you!

As we look forward to the start of a new semester in two short months we also want to ensure that our Seabee community is aware of our cell phone policy that will be rolled out. We will be expecting our students to have their phones on silent and out of sight during the instructional periods of the day. In the coming weeks we will be holding assemblies to explain this to the students as well as posting copies of the expectations on our web site and to Teams. Please don't hesitate to contact me with any questions or concerns.

Mrs. Carhart

Guidance Corner

On November 14th, our school will be participating in the annual provincial Student Wellness and Education Survey. This survey is a collaborative initiative of the Department of Education and Early Childhood Development, Department of Health, and the New Brunswick Health Council (NBHC). At the high school level, we are asked to advise parents that there will be questions about drugs, alcohol, and cannabis included in the survey.

Hire Potential supports students with intellectual or developmental disabilities. They can help with preparing for employment, developing skills, and planning for post-secondary. They can also develop resumes, cover letters, and help students find the right job. They work one-on-one with clients to develop an Employment Action Plan and support them to meet their goals. The time after high school can feel uncertain, and it is always helpful to have someone there to guide you.

For more information as well as a referral form, visit www.sjacl.com or send an email to info@sjacl.ca. Hire Potential will have an information booth at Parent Teacher, Wednesday November 23rd, 4:30pm – 7:30pm.

Options Outreach will be having an information booth at our Parent Teacher session November 23rd 4:30–7:30pm.

Options is a non-profit that offers employment counselling for those with disabilities looking for work and/or assistance when heading into post-secondary education. Options is able to start seeing grade 12 students on track to graduate in their grade 12 year now, which is very positive as it allows more time to prepare students for post-secondary.
