### Important Dates

#### From Mrs. Carhart

Over the coming weeks leading up to the Holiday vacation we will be hosting grade level assemblies to talk about cell phones and our expectations going into second semester. As a school staff and PSSC we have worked together to co-create school-wide expectations that will be rolled out in a document we will share with families and students alike.

Our goal is to prioritize learning time so that it is not interrupted by cell phones/notifications. Teachers will be expecting that students have their cell phones on silent and put away during class. Your support in this journey to prioritize our learning environments is appreciated. This will be an adjustment for some of our students and we recognize this. The mission here is to teach our students healthy habits that will translate into healthy habits of life. Balancing technology use is something we can all work together to improve.

Mrs. Carhart
