### From Mrs. Carhart

Did you know that students can suffer academically if they miss just 10% of the school year? That's only 2 or 3 days a month. And that can add up without you even realizing it. We want to remind our families that you are key to making sure your child gets to school safely and on time every day. Some absences, such as sick days, are unavoidable, but as parents and guardians you can ensure your child does not miss time for unnecessary travelling or appointments, and that if they are kept home due to illness, they are truly sick. If you struggle to get your child to attend, or to arrive on time, we encourage you to reach out to us. We can offer support and guidance to get your child back on the right track.

### Graduating this year?

Graduation forms and information were handed out on Tuesday. Please make sure to check our school web site for details.

### Fundraising

As a school we are focused on raising funds to give our theatre a much needed technical boost by way of a new projection system. Starting next week we will be offering a two week ADL Cheese campaign and your support is appreciated! If you are able to purchase a block, sell one or even more we would be grateful! More information will come out soon.
