From Mrs. Carhart

Just like that 2023-2024 is underway! We have spent this week working through course changes and making sure we have all our students in courses that best suit their interests and requirements for post-High School. Mr. Savoie, Mrs. Gordon and Mrs. Levesque have been working non-stop to complete this task!

Did you know that we have welcomed over 45 international students to SHS this semester? Nineteen of whom are here for an exchange program either for the year or for the semester. Our school population is growing and we are wrapping up the week just shy of 1000 students- quite a jump from the roughly 850 students we had when I joined the Seabee family three years ago! This is something to be celebrated!

As we start the semester it is always a good time to remind everyone supporting our youth that consistent school attendance is always important. We will be reviewing this in our grade level assemblies and appreciate you supporting us from home. If there are struggles to get your child to attend please reach out; we are here and can support!

Mrs. Carhart

Fall 2023 Information

Grade 12 Graduation Information

We do have a grade 12/graduation handbook that is posted on the Grade 12 channel for our students' reference. This will also be emailed out to our families for your reference. Please remember that student fees need to be paid to order graduation gowns and all the materials that go with graduation.

School Cash online

All items we offer as a school are available for purchase online here:

<https://www.schoolcashonline.com/>

In the main office we also offer a debit machine for credit/debit that can also be accessed over the phone for payment. 506-658-5367
