From Mrs. Carhart

What an amazing week this has been! Our pep rally was one to remember, and our school spirit was off the charts with an epic green and gold day topped off by East vs. West Basketball! While sports may not be something all students participate in, the culture that we have been able to foster and create in our school around supporting one another and being proud of our teams/athletes has been impressive. Our students bring their best each day and we are so proud of them! Thank you to all our families and community who came out to support this event- we couldn't do it without you all.

In particular we would like to send a special shout out to three parents: John MacDonald, Amy Yerxa and Jeff McGrath. They have collectively spent countless hours supporting us, helping us get organized and making this event one for the books!

We followed up East vs West with a Lunar New Year Celebration which also brought the community into our school and allowed us the opportunity to recognize the diversity within our building. Our school is growing and changing daily- having a diverse community is something we are grateful for. Thank you to our community for supporting this event, our students for organizing it and Ms. Young for leading us in being a Welcoming School.

Please take note that our annual Honors/High Honors ceremony is next week and we welcome you all to come and share in the recognition of our Seabees for their academic achievements. The rigor that our students demonstrate to meet this milestone while, in many cases, being involved in so many extra curricular/co-curricular events is admirable, and we can't wait to celebrate their success! Being a student first takes commitment, dedication and leadership. These students make us proud.

Mrs. Carhart
